

NAPOLEON'S OLD GUARD CHASSEURS PRE-ORDER

Our latest plastic figure set, **VX0011 Napoleons Old Guard Chasseurs**, is now ready to pre order. This fantastic set contains 60 multi part figures and 7 regimental flags covering the 1804, 1812 and 1815 patterns. We believe that this set will prove just as popular as our other Old Guard set **VX0009 Napoleon's Old Guard Grenadiers**.

To tie in with the release of this splendid set of figures, we have had the multi limbed and very talented Mr Paul Hicks sculpt some personality figures for the the Old Guard. He has done a mounted Grenadier and Chasseur colonel and also a Grenadier and Chasseur Pioneer. These are not on general release, however we have put together some great multi box deals were you can get these figures free with your order. If you order two boxes you can have a colonel and a pioneer, if you order 4 boxes you can get the 2 colonels and 2 pioneers. These deals will come in very useful for fielding the old Guard regiments at Waterloo.

Masters of the Grenadier and Chasseur mounted colonels and foot pioneers available only with our plastic box deals.
